## HOW TO REMOVE MOTOR / COME RIMUOVERE IL MOTORE

Unscrew 4 fixing screws and replace motor / Rimuovere le 4 viti e sostituire il motore

## FILTERING VERSION / VERSIONE FILTRANTE

**Circular charcoal filter:** apply one on each side as cover to both the shield grids of the motor impeller, then turn clockwise. For the disassembly, turn counter-clockwise /

**Filtro al carbone circolare:** applicarne uno per lato a copertura di entrambe le griglie di protezione della girante del motore, dopodichè girare in senso orario. Per lo smontaggio girare in senso antiorario.

 elica

The image features a high-angle, wide shot of a city skyline, likely New York City, with the Empire State Building as a prominent central feature. The scene is overlaid with a semi-transparent geometric pattern of large, overlapping triangles. A color gradient transitions from a deep red on the left side to a vibrant blue on the right side. The Elica logo, consisting of a stylized symbol and the word 'elica' in a lowercase sans-serif font, is centered in the upper portion of the image.
