PROCEDURE OF MANUAL CONFIGURATION OF NIKOLA TESLA MIX "E4" / PROCEDURA DI CONFIGURAZIONE MANUALE DI NIKOLA TESLA MIX "E4"

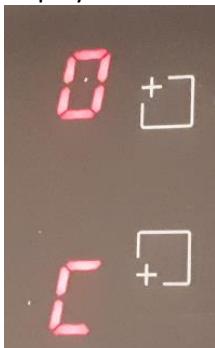

1. Disalimentare il piano per 10 secondi. *Das Kochfeld für 10 Sekunden stromlos machen.* Disconnect the hob from power supply for at least 10 seconds.
2. Alimentare il piano e tenere premuto il tasto "A" (6) e premere il tasto "-" (4). *Das Kochfeld wieder an den Strom anschließen und die Taste "A" (6) drücken und gedrückt halten und dann die Taste „-“ (4) drücken.* Connect the hob to power supply and hold down the button "A" (6) and then press the button "-". (4).
3. Il piano conferma con un "bip" e nel display si illuminano 2 puntini. *Das Kochfeld bestätigt mit einem "bip" und im Display leuchten 2 Punkte auf.* The hob confirm with an acoustic signal and 2 dots appear on the display.

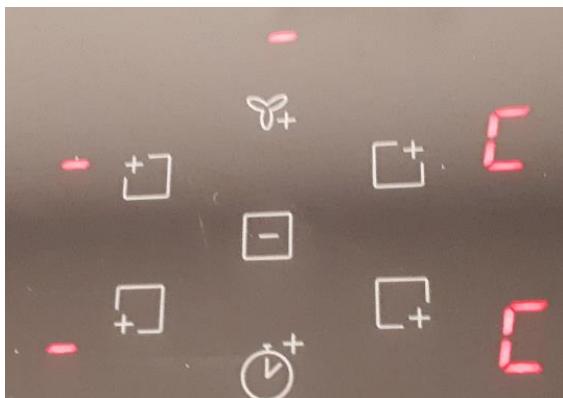

4. Premere la zona cottura anteriore sinistra per entrare nel menu di configurazione (2-FL). *Die Kochzone vorne links drücken um in das Konfigurationsmenü zu gelange (2-FL).* Press the left frontal cooking zone to enter into the configuration menu (2-FL).

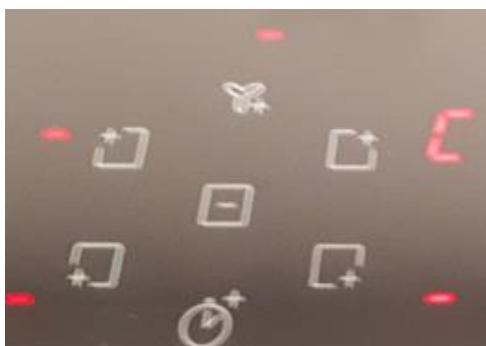

5. Nel display verrà visualizzato "0" e "C". *Im Display erscheint "0" und "C".* "0" and "C" will appear on the display.

6. Premere il tasto “-“ (4) per visualizzare quale zone non sono configurate e no. *Die Taste “-“ (4) drücken um anzuzeigen welche Kochzonen konfiguriert sind und nicht.* Press the button „-“ (4) to see which cooking zone are configured and not.
7. Nel display verranno indicate le zone configurate con il simbolo „-“ e le zone non configurate con “C”. *Im Bedienfeld werden die Kochzonen die konfiguriert sind mit einem “-“ angezeigt und die die noch zu konfigurieren sind mit einem “C”.* The configured cooking zone will appear on the display with the symbol „-“, and the one not configured with the symbol “C”.

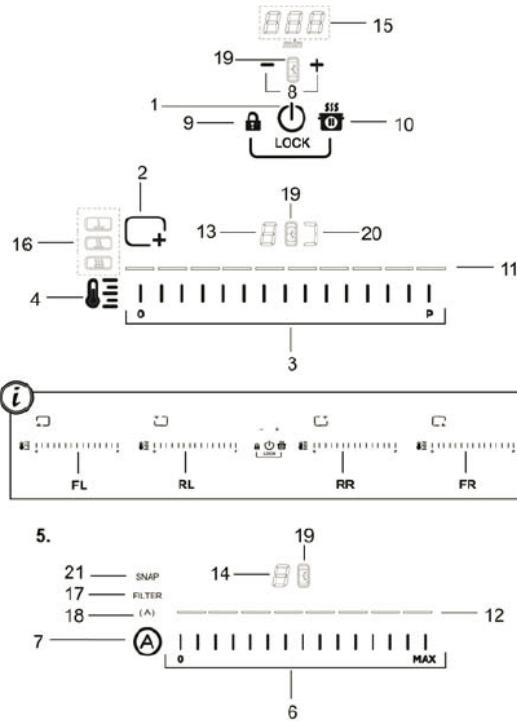

8. Selezionare le zone da configurare e posizionare una pentola ad induzione con un diametro di almeno Ø 160 mm finché si accende il simbolo di configurazione “-”. *Die Kochzone die zu konfigurieren ist anwählen und eine Induktionskochtopf mit einem Durchmesser Ø von mindestens 160 mm aufstellen, warten bis das Konfigurierungszeichen „-“ aufleuchtet.* Select the cooking zone to be configured and place an induction pot with at least a diameter of Ø 160 mm until the configured symbol “-“ light on.

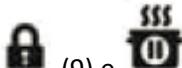

9. Ripetere l’operazione per tutte le zone da configurare. *Den Vorgang für alle zu konfigurierenden Zone wiederholen.* Please repeat the operation for all the cooking zone which need to be configured.

10. Uscire dal menu premendo il tasto On/Off (1). *Durch Drücken der Taste On/Off (1) das Menü verlassen.* Exit to the service menu by pressing the button On/Off (1).

PROCEDURE OF MANUAL CONFIGURATION OF NIKOLA TESLA HP AND LIEN "ER31" / PROCEDURA DI CONFIGURAZIONE MANUALE DI NIKOLA TESLA HP E LIEN "ER31"

1. Disalimentare il piano per 10 secondi. *Das Kochfeld für 10 Sekunden stromlos machen.* Disconnect the hob from power supply for at least 10 seconds.

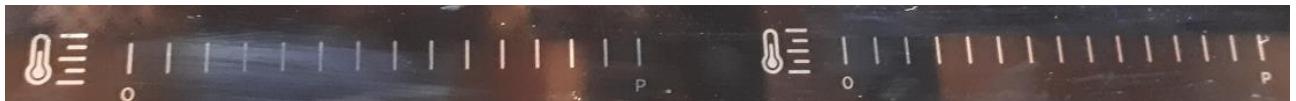

2. Alimentare il piano e premere i tasti (9) e (10) finché la cappa emette un bip, non premere il tasto On/Off (1). *Das Kochfeld wieder an den Strom anschließen und die Tasten (9) und (10) drücken bis das Kochfeld einen bip macht, nicht die Taste On/Off (1) betätigen.* Connect the hob to

power supply, hold down the buttons (9) and (10) until you hear an acoustic sound, do not press the button On/Off (1).

3. Scorrere contemporaneamente sugli slider delle zone di cottura FL e RL, da sinistra verso la destra, poi mantenere premuto a lungo in corrispondenza della lettera "P", fino all'emissione di un breve segnale acustico. *Gleichzeitig die Bedienfelder FL und RL aktivieren in dem von links nach rechts mit den Fingern gefahren wird und dann auf dem Buchstaben "P" gedrückt gehalten wird bis das Kochfeld ein akustisches Signal abgibt.* Slide with your fingers the zone FL and RL simultaneously from the left to the right, then hold down a long time the letter "P" until the hob emits an acoustic sound.

4. Nel display Timer (19) appare ora il simbolo "CF6". *Im Bedienfeld des Timer (19) erscheint nun "CF6".* On the display of the timer appears the symbol "CF6".

5. Per attivare la configurazione automatica premere e tenere premuto i tasti  (9) e  (10). *Die automatische Konfiguration wird durch drücken und halten der Tasten  (9) und  (10) aktiviert.*
To activate the automatic configuration hold down the buttons  (9) and  (10).

6. Uscire dal menu premendo il tasto On/Off (1). *Durch Drücken der Taste On/Off (1) das Menü verlassen.*
To exit the service menu by pressing the button On/Off (1).
