

Cosa fare se compare **ERRORE E5 in prima installazione? / What to do if **ERROR E5** appears on first installation?**

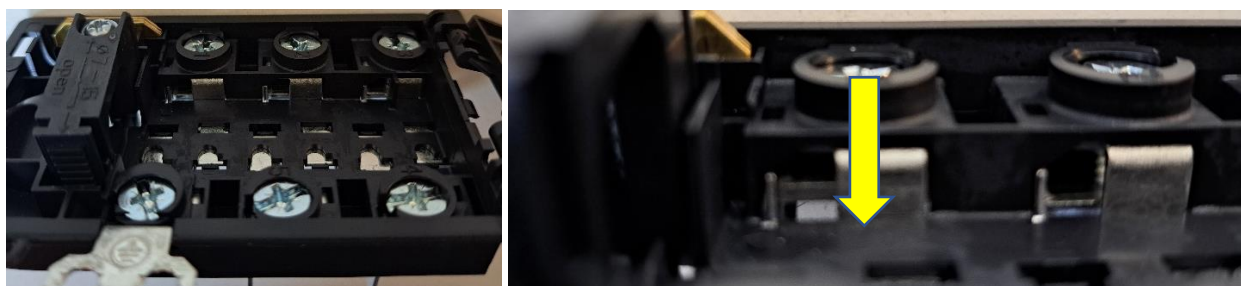

Models: NikolaTesla (all)

1. Verificare collegamenti nella morsettiera / Check connections in the terminal box

Non fidarti della visione dall'alto! Controlla le connessioni lateralmente! / Don't trust the view from above! Check the connections from the side!

2. Aprire i blocchetti "rotazione antiorario" / Open the "anti-clockwise rotation" blocks

3. Inserire i jumper nelle sedi apposite / Insert the jumpers into the appropriate slots
